KUNIA INTERCHANGE IMPROVEMENTS

Environmental Study Public Scoping Open House

Wednesday, November 18, 2026
Kalei'opu'u Elementary School

Registration begins at: 5:00 PM
Open House hours: 5:30–7:30 PM

HDOT is conducting an environmental study to evaluate potential improvements to the Kunia Interchange. The Kunia Interchange provides a critical connection between Interstate H-1, Kunia Road, and Fort Weaver Road on O'ahu, supporting regional mobility between Central O'ahu and the primary east-west corridor serving Honolulu and West O'ahu.

The study will examine a range of topics including alternatives to address existing and future traffic operations and improve mobility and assess potential environmental impacts including community resources, natural resources and historic/cultural resources.

Can't attend in person?

Virtual Meeting Option

November 19, 2026, 6:00–7:30 PM

Register at:

us06web.zoom.us/join/zoom-join-link
[register/bGqV3J5ZTwOIX_b29IMjdg](https://us06web.zoom.us/join/zoom-join-link)

for more information, visit:

www.kuniainterchange.com

or e-mail the project team:

connect@kuniainterchange.com

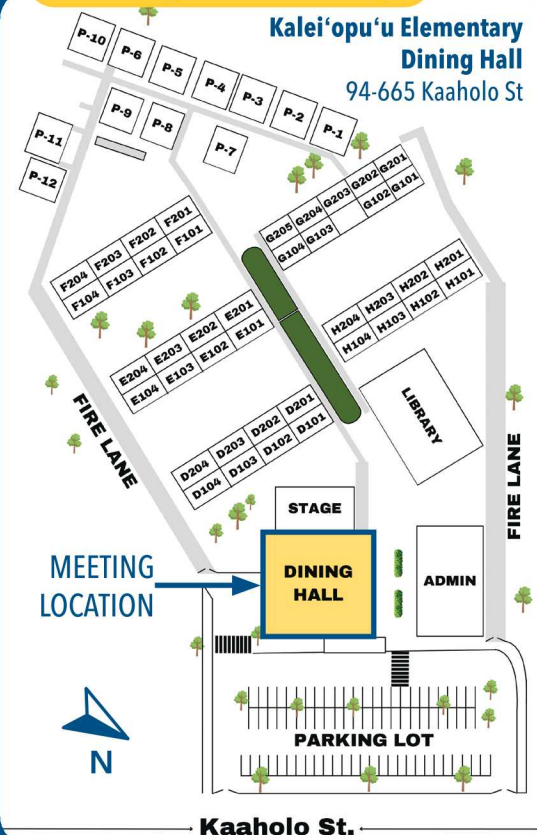

Drop by anytime during open house hours to view project information, talk with the project team, and provide your input!

Why attend?

- Learn about the project and proposed improvements
- Share your input on the environmental study
- Understand the environmental review process and study timeline

Meeting Location Map

If you would like to attend the meeting and require auxiliary aid, services, or other accommodations, please contact connect@kuniainterchange.com as soon as possible so that proper accommodations can be made.
